Velocity	220 fps / 67 mps
Minimum Safe Range	20 ft / 6.1 m
Maximum Effective Range	66 ft / 20 m
PROJECTILE SPECIFICATIONS	
Material	Bagged Silica Sand
Height	3.75 in / 9.53 cm
Diameter	1.20 in / 3.0 cm
Weight	2.65 oz / 75 g
Part No.	1225
Warranty	5 years from date of manufacture
ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE	
<p>The 37mm Bean Bag Round incorporates a 5.5-inch casing that contains one (1) silica- sand filled bag and utilizes black powder as the propellant.</p> <p>The 37mm Bean Bag Round is most widely used as a crowd management tool by Law Enforcement and Corrections when there is a need to target individual instigators. It has also been successfully used as a dynamic, high-energy single subject round for incapacitation or distraction.</p> <p>The 37mm Bean Bag Round is intended to be direct fired. The operator should be adequately trained in the use of Less Lethal Impact Munitions and have a thorough understanding of the round and considerations of selecting shot placement such as level of threat, target distance, size, and clothing.</p> <p>As a pain compliance round for crowd control, it is most suitable in moderately close to medium ranges of fire, approximately 20 to 35 feet. Outside of 30 feet, the round by nature of its design may not provide the necessary accuracy or energy to be used as a target specific round. It serves well in correctional and jail facilities where engagement distance may be limited by walls or barriers. It may also prove valuable in riot situations where police lines and protestors are in close proximity.</p>
