40MM 250-SHOT TRAINING KIT

PRODUCT SPECIFICATIONS	
Diameter	1.60 in / 40 mm
Length	3.36 in / 8.5 cm
Velocity	Comparable to Operational Rounds
Effective Target Range	120 ft / 36.6 m
Kit Includes (Usage Rate)	25 – Yellow Plastic Projectiles (10x) 25 – Blue Bases (10x) 250 – Propellant Cartridges (1x)
Part No.	6530
Warranty	5 years from date of manufacture

ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE

The 40mm eXact iImpact™ / Direct Impact® 250-Shot Training Kit contains twenty-five (25) yellow plastic projectiles designated for training only, twenty-five (25) blue anodized aluminum shell bases w/ set screws, and two hundred fifty (250) propellant cartridges. Each projectile and shell base is intended to be used 10 times, and then discarded. The #6530 is a new version that incorporates an improved projectile design and steel insert instead of aluminum.

The eXact iImpact™ / Direct Impact® Kit can be used in place of the Sponge Round Training Kit (Part No. 6525, 24-Shot) as a more cost effective training alternative. The eXact iImpact™ Reload Kit incorporates reusable components that simulate the accuracy of the following rounds to a training range of 37 meters:

- eXact iImpact™ (6325)
- Direct Impact® (6320, 6322, 6323, 6326)

The plastic projectile and the blue base were designed and tested to be used ten (10) times; beyond that the performance of either of these components may be compromised. If they are fired more than ten (10) times, the product liability and warranty associated with the #6530 will be voided.

⚠ WARNING

This product can expose you to chemicals including Lead Salts and Hexavalent Chromium, which are known to the State of California to cause cancer, and Lead Salts, which are known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

WARNING: THIS ROUND IS INTENDED TO BE USED FOR TRAINING ONLY ON TARGETS CAPABLE OF ABSORBING BLUNT TRAUMA. DO NOT SHOOT HUMANS OR ANIMALS AS IT MAY CAUSE DEATH OR SERIOUS BODILY INJURY. DO NOT USE ON HARDENED TARGETS THAT WILL DEFLECT THE ROUND BACK TOWARD THE LAUNCHER OR OTHER PERSONS OR OBJECTS NEARBY. DO NOT USE AT CLOSE RANGE.
