40MM eXact iMPact™ ADJUSTABLE RANGE

PRODUCT SPECIFICATIONS		
Diameter	1.60 in / 40 mm	
Length	3.56 in / 9.04 cm	
Projectile Count	1	
Velocity	315 fps / 96 mps	Opened
	425 fps / 130 mps	Closed
Minimum Safe Range	5 ft / 1.5 m	Opened
	131 ft / 40 m	Closed
Maximum Effective Range	131 ft / 40 m	Opened
	230 ft / 70 m	Closed

PROJECTILE SPECIFICATIONS

Material	Foam	
Height	2.55 in / 6.5 cm	
Diameter	1.60 in / 4.1 cm	
Weight	1.2 oz / 34 g	
Part No.	6325-A	
Warranty	5 years from date of manufacture	

ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE

The 40mm eXact iMPact™ Adjustable Round has evolved from the Defense Technology® design of the eXact iMPact™. This lightweight, high-speed projectile incorporates a plastic body and a foam (sponge) nose which is spin stabilized via the incorporated rifling collar and the 40mm launcher's rifled barrel. The round utilizes smokeless powder as the propellant and has velocities that are extremely consistent.

The projectile design has a unique user-adjustable patented gas-bleed feature, which allows kinetic energy to be adjusted for two design points addressing close-in and extended range engagements.

In the opened position, the standard range velocity allows for engagements of 1.5 – 40 meters. In the closed position, the extended range velocity allows for engagements of 40 – 70 meters.

The 40mm eXact iMPact™ Adjustable Round is a "point-of-aim, point-of-impact" direct fire round that is most commonly used by tactical teams in situations where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-compliant subject at longer distances.

The 40mm eXact iMPact™ Adjustable Round is intended for direct fire deployment. The operator should be adequately trained in the use of Less Lethal Impact Munitions and have a thorough understanding of the round and considerations for selecting shot placement such as level of threat, target distance, size and clothing.

The 40mm eXact iMPact™ Adjustable Round will prove most successful for incapacitation when used within the optimal energy range for specific target distances. Extensive testing was done on the 40mm eXact iMPact™ Adjustable Round to ensure that the round is less-lethal when fired within the optimal energy range and at the large muscle groups of the buttocks, thigh, and knees. These areas provide sufficient pain stimulus, while greatly reducing serious or life-threatening injuries.

The 40mm eXact iMPact™ Adjustable Round is intended to provide the flexibility to engage targets with less than lethal force across a broad operational range. The closed position should only be used for extended range engagements at ranges beyond 40 meters, targeting the subject's lower torso or extremities. Impacts closer than 40 meters or targeting the subject's head, neck, or upper torso can result in serious injury or death.

WARNING

This product can expose you to chemicals including Lead Salts and Hexavalent Chromium, which are known to the State of California to cause cancer, and Lead Salts, which are known to the State of California to cause birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

WARNING: THIS PRODUCT IS TO BE USED ONLY BY AUTHORIZED AND TRAINED LAW ENFORCEMENT, CORRECTIONS, OR MILITARY PERSONNEL. THIS PRODUCT MAY CAUSE SERIOUS INJURY OR DEATH TO YOU OR OTHERS. THIS PRODUCT MAY CAUSE SERIOUS DAMAGE TO PROPERTY. HANDLE, STORE AND USE WITH EXTREME CARE AND CAUTION. USE ONLY AS INSTRUCTED.
