40MM SPEDE-HEAT™ LONG RANGE OC, CN, CS AND SAF-SMOKE™

PRODUCT SPECIFICATIONS	
Diameter	1.60 in / 40mm
Length	4.80 in / 12.2 cm
Maximum Range	150 yards / 137.2 meters
Active Agent	OC 0.26 oz / 7.3 g CN/CS 0.90 oz / 25.2 g
Discharge Time	20 – 40 seconds
Part No.	OC 6180 CN 6181 CS 6182 Saf- Smoke™ 6183
Warranty	5 years from date of manufacture

ALL SPECIFICATIONS ARE AVERAGES AND SUBJECT TO CHANGE

The Spede-Heat™ 40mm Long Range Round incorporates an aluminum shell and utilizes black powder as the propellant. The Spede-Heat™ 40mm Long Range Round is designed to deliver one dual-ported chemical or smoke canister from a 40mm launcher 150 yards to the intended target zone.

The Spede-Heat™ 40mm Long Range Round is most widely used as a crowd management tool by Law Enforcement and Corrections for the rapid deployment of chemical agent from a 40mm launcher. The Spede-Heat™ 40mm Round contains one (1) canister ported on each end.

This round may be fired in the air at an angle of approximately 25 - 30 degrees to achieve maximum stand-off distance, or it may be skip fired into the target area from lesser distances. When launching, it is recommended to have a spotter to ensure canisters do not land on rooftops or other areas of concern. It is also recommended to have a spotter to ensure that the canisters do not enter windows or doorways when skip fired.

The Spede-Heat™ 40mm Round is designed for outdoor use and has fire-producing capability. It is not intended for barricade penetration. Do NOT fire directly at personnel, as serious injury or death may result.

⚠ WARNING

This product can expose you to chemicals including Lead Salts and Hexavalent Chromium, which are known to the State of California to cause cancer, and Lead Salts, which are known to the State of California to cause birth defects or other reproductive harm.
