

Model HUEX100
Hydration System

Part ID#: 1011080

HUEX100 Hydration System

Functional Benefits The HUEX100 Hydration System is comprised of two components – the outer carrier and internal reservoir. The system is designed to work with the CPX2500 and ECB100 riot control suits. This high quality bladder is odorless and has a 70 oz. capacity. It features the revolutionary Bite Me™ flow control valve for 360° activation and leak-free operation. The carrier is made of a woven fabric of 600-denier polyester with attachment points for connection to the back of the upper body protection on the suits.

Sizes: One size fits all

Color: Black

Measurement: N/A

Dimensions: Bladder - 16.75 in (42.54 cm) L x 6.75 in (17.14 cm) W (filled - 2 liters) Note: Part ID: 1010526
