

# 2010-HD DOUBLE-LOCK HANDCUFF

*DOUBLE-LOCK KEYHOLE  
FOR EASE OF ACCESS*

Model 2010-HD

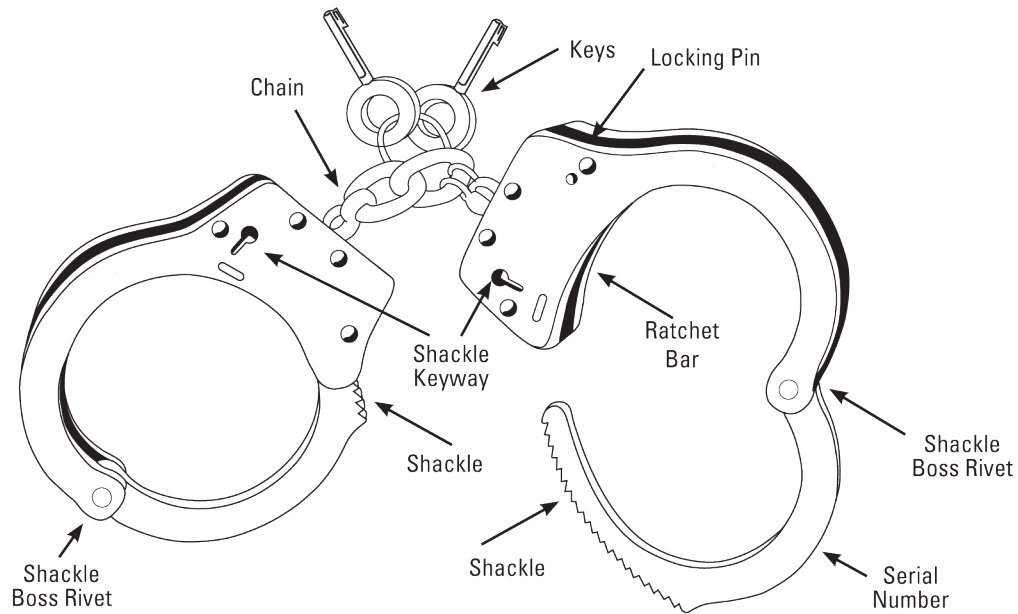

## 2010-HD DOUBLE-LOCK HANDCUFF

The Hiatt® double-lock keyhole handcuffs sets the standard for strength and reliability. Crafted from heavy-duty high carbon steel with a nickel finish, they have reinforced steel swivels that make them a rugged tool for criminal justice professionals.

The Model 2010-HD handcuffs have keyholes on both sides of the cuff, so there is always one facing up, making the cuffs much easier to remove.

## FEATURES

- 18-tooth, 3-retaining bar system is paired with a positive swing-through action and built in back-loading feature for fast cuffing
- Heavy-duty construction with oversized rivet heads for added strength
- Side double-locks
- Available in Nickel Plate
